

June 1, 2008 marked the one anniversary of the founding of **Florida Insurance Trust (FIT)** and the continuing of the opportunity for FADAA members to be able to reduce the expense of their insurance premiums. Florida Insurance Trust (FIT) is the first insurance trust formed for the benefit of non-profits and remains the only such organization registered with the Office of Insurance Regulation (OIR) in the State of Florida and holding a Letter of Compliance from OIR.

FADAA staff first met with the representatives from FIT in July 2007 to begin the process of assessing their value to FADAA members. On August 21, 2007, the FADAA Board of Directors voted unanimously to provide a statewide endorsement of the FIT program. Since that time, FIT has become a valuable partner to FADAA and our membership. FIT and their administrator; NPIS have participated in as well as sponsored events with FADAA throughout the state including our upcoming annual conference. We at FADAA encourage those of you attending the conference to make every effort to meet with the representatives from FIT.

FIT provides the following types of insurance (you may pick and choose the types of coverage desired) at reduced costs while maintaining or improving current levels of coverage:

- **Worker's Compensation**
- **Property**
- **General Liability**
- **Commercial Auto**
- **Professional Liability**
- **Directors & Officers Liability**

FIT: Serving those who serve Florida

FADAA has endorsed FIT because of our strong belief that this program will bring you bottom line results. In these trying times of budget cuts, the significant savings in insurance premiums from FIT can be of tremendous benefit. FIT is *Florida's first and only insurance trust for non-profit agencies.*

If you are interested in learning the details of FIT's offerings or want to discuss joining the Trust as a member insured, please contact [Doug Childers](#). Doug is President of Non-Profit Insurance Services. You may contact Doug at 407-936-2132 or 888-794-7771. Please visit the FIT website at:
